

# THE #1 NO-TILL PLANTER TWO YEARS IN A ROW!

**T**he vote is in and more farmers agree... the Case IH 1200 Series planter is the best no-till planter for the second consecutive year! The Advanced Seed Meter technology on the 1200 Series planters delivers extremely accurate, uniform seed spacing resulting in earlier, more even, and greater emergence which results in uniform, higher quality, better yielding, stands.

- Uniform planting at any speed
- Even emergency, quality stands
- Productive and versatile
- Accurate and adaptable
- Amazing performance backed by exceptional service

**W**ith a large selection of models (ranging from 6-24 rows) and options to choose from, including a **pneumatic down pressure option**, Case IH 1200 Series planters also feature an exceptional narrow transport width of only 11' 11" and tested, proven precision farming options to help maximize your productivity. With all of these features, it's easy to see why Case IH 1200 Series planters continue to outshine and outperform the competition.

**Remember... The Earlier You Buy A Planter, The Cheaper It Is – Plain And Simple!!**
